Density		900 kg/m ³
Water vapor resistance (z)	EN ISO 12572	1,1 x 10 ⁶ s/m

Demographics:

Product (article no)	Length m	Width m	Thickness mm	Quantity m ²	Weight kg
Moisturbloc Extreme, 45025	15	1,05	2,5	15	8,5

Installation instruction:

The floor must be clean, dry and flat.

Unroll the first strip on the subfloor with the nubs facing down and cut it to the size required using a cutter.

The product should be installed with an overlap of 50 mm.

Seal the joints with the tape included in the package.

Continue until the entire space is covered.
